

## **BACK OF HOUSE**

We are looking for efficient and passionate hospitality industry professionals who want to work with and learn from the best Chefs on the island. Grow professionally, discover new and high-quality seasonal ingredients, and learn cutting edge techniques in our kitchen. Become a part of the winning team.

Restaurant experience is great, but so is pizza counter or deli. What matters the most is your organizational skills, your work ethic, your love for good food and your drive to improve every day and produce the best result every time.

## **FRONT OF HOUSE**

We are looking for people with passion for great food, amazing wine, and genuine hospitality. Ideally, you are an experienced service professional with solid knowledge of wine varietals and fine food dining. Prior restaurant, cafe, diner or pizzeria experience are all relevant and useful. If you have not been exposed to wine, but you have in-depth knowledge of beer, coffee, cheeses, charcuterie, etc. - it's good too.

No restaurant background? We are willing to train a right person. For people with no industry experience, we are looking for someone with GOOD knowledge of WINE and FINE FOOD and FULL availability. If you are a wine aficionado and/or a passionate foodie who has nights, weekends, and holidays availability in addition to a couple of day shifts open, we would be happy to interview you.
